

# **CAUTION**

## **REGARDING THE RAPID SPREAD OF THE NOVEL CORONAVIRUS INFECTION**

The novel coronavirus infection is spreading throughout Japan. The city of Kobe has also recorded a rise in the number of Covid-19 cases, including a number of infection clusters that have occurred within the city limits. We urge everyone to take all necessary precautions to ensure their health and safety, following the three basic principles outlined below.

### **THREE REQUESTS FROM THE PUBLIC HEALTH MANAGEMENT CENTER**

- (1) Public and other places used by numerous people need to be properly ventilated. We urge you to keep the windows open, even in winter.
- (2) Always wear a mask and thoroughly wash or disinfect your hands, paying extra attention to the fingertips.
- (3) If you experience coughing or other symptoms, stay home and take time off work, even if you do not have a fever.
